Section 2.
INFORMATION TO CONSULTANTS
1. INTRODUCTION

1.1 The Client named in the "Data Sheet" will select a firm among those listed in the Letter of Invitation, in accordance with the method of selection indicated in the Data Sheet.

1.2 The consultants are invited to submit a Technical Proposal and a Financial Proposal, as specified in the Data Sheet (the Proposal) for consulting services required for the Assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed contract with the selected Consultant.

1.3 The Assignment shall be implemented in accordance with the phasing indicated in the Data Sheet. When the Assignment includes several phases, the performance of the consultant under each phase must be to the client's satisfaction before work begins on the next phase.

1.4 The Consultants must familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the Assignment and on the local conditions, consultants are encouraged to pay a visit to the Client before submitting a Proposal, and to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. The Consultant's representative should contact the officials named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.

1.5 The Client will provide the inputs specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.

1.6 Please note that (i) the costs of preparing the proposal and of negotiating the contract, including a visit to the Client, are not reimbursable as a direct cost of the Assignment; and (ii) the Client is not bound to accept any of the Proposals submitted.

1.7 Bruhat Bangalore Mahanagara Palike (BBMP) expects consultants to provide professional, objective, and impartial advice and at all times hold the Client's interest's paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the assignment in the best interest of the Client.

1.7.1 Without limitation on the generality of this rule, consultants shall not be hired under the circumstances set forth below:

(a) A firm which has been engaged by the Client to provide goods or works for a project, and any of their affiliates, shall be disqualified from providing consulting services for the same project. Conversely, firms hired to provide consulting services for the preparation or implementation of a project, and any of their affiliates, shall be disqualified from subsequently providing goods or works or services related to the initial assignment (other than a continuation of the firm's earlier consulting services) for the same project.

(b) Consultants or any of their affiliates shall not be hired for any assignment which, by its nature, may be in conflict with another assignment of the consultants.

1.7.2 As pointed out in para. 1.7.1 (a) above, consultants may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in the Data Sheet and the factors used for the selection of the consultant should take the likelihood of continuation into account. It will be the exclusive decision of the Client whether or not to have the downstream assignment carried out, and if it is carried out, which consultant will be hired for the purpose.

1.8 It is BBMP's policy to require that consultants observe the highest standard of ethics during the execution of such contracts. In pursuance of this policy, the BBMP:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

(i) "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value
to influence the action of a public official in the selection process or in contract execution; and

(ii)"fraudulent practice" means a misrepresentation of facts in order to influence a selection
process or the execution of a contract to the detriment of BBMP, and includes collusive
practices among consultants (prior to or after submission of proposals) designed to establish
prices at artificial, noncompetitive levels and to deprive BBMP of the benefits of free and
open competition.

(b) will reject a proposal for award if it determines that the firm recommended for award has engaged in corrupt or fraudulent activities in competing for the contract in question;

(d) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded BBMP-financed contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a BBMP-financed contract; and

(e) will have the right to require that, BBMP to inspect consultant's accounts and records relating to the performance of the contract and to have them audited by auditors appointed by BBMP.

1.9 Consultants shall not be under a declaration of ineligibility for corrupt and fraudulent practices issued by GOK/BBMP in accordance with the above sub para 1.8 (d).

1.10 Consultants shall be aware of the provisions on fraud and corruption stated in the standard contract under the clauses indicated in the Data Sheet.

2. Clarification and Amendment of RFP Documents

2.1 Consultants may request a clarification of any item of the RFP document up to the number of days indicated in the Data Sheet before the Proposal submission date. Any request for clarification must be sent in writing by paper mail, cable, telex, facsimile, or electronic mail to the Client's address indicated in the Data Sheet. The Client will respond by cable, telex, facsimile, or electronic mail to such requests and will send copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.

2.2 At any time before the submission of the Proposals, the Client may, for any reason, whether at its own initiative or in response to a clarification requested by an invited firm, modify the RFP documents by amendment. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, cable, telex, facsimile, or electronic mail to all invited consultants and will be binding on them. The Client may at its discretion extend the deadline for the submission of Proposals.

3. Eligibility Criteria

3.1 Bidders should have completed a single consultancy assignment of value not less than Rs. 120.00 Crore for preparation of Detailed Project report/ Feasibility Report/Detailed design and drawing of a major Highway project in last 5 financial years(2019-20 to 2023-24) for this consultants need to submit completion certificate for completing the work satisfactorily obtained not below the rank of The Executive Engineer.

3.2 Bidders should have completed a similar work of for preparation of Detailed Project report/ Feasibility Report/Detailed design and drawing of ROB/Flyover/Grade separator/bridges of value not less than **120 crores** in last 5 financial years(2019-20 to 2023-24) for this consultants need to submit completion certificate for completing the work satisfactorily obtained not below the rank of The Executive Engineer.

3.3 The consultant should have OWN NABL accredited material testing Laboratory NABL certificates must be submitted

3.4 Bidders should have minimum annual turnover of **Rs.10.00 Crore** in last 5 financial years (2019-20 to 2023-24). For this bidder must submit audited balance sheet & turnover certificate issued by the registered Chartered Accountant.

3.5 Bidders must have well established office in Bengaluru and qualifying all the above eligibility criteria shall be considered for evaluating.

3.6 The consultancy firm must have registered with ESIC & EPF, GST must have ISO 9001:2015 Certificate.

3.7 The consultancy firm shall have experience in Consultancy Services from last 10 years (as a proof service tax registration certificate should be provided).

4. Preparation Of Proposal

4.1 Consultants are requested to submit a Proposal (para 1.2) written in the language(s) specified in the Data Sheet.

Technical Proposal

4.2 In preparing the Technical Proposal, consultants are expected to examine the documents comprising this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a Proposal.

4.3 While preparing the Technical Proposal, consultants must give particular attention to the following:

(i) Joint ventures are not allowed

(ii) For assignments on a staff-time basis, the estimated number of key professional staff-months is given in the Data Sheet. The proposal shall, however, be based on the number of key professional staff-months estimated by the firm.

(iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relation with it.

(iv) Proposed key professional staff must at a minimum have the experience indicated in the Data Sheet.

(v) Alternative key professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.

(vi) Reports to be issued by the consultants as part of this assignment must be in the language(s) specified in the Data Sheet. It is desirable that the firm's personnel have a working knowledge of the Client's official language.

4.4 The Technical Proposal should provide the following information using the attached Standard Forms (Section 3):

(i) A brief description of the consultant's organization and an outline of recent experience on assignments (Section 3B) of a similar nature. For each assignment, the outline should indicate, inter alia, the profiles and names of the staff provided, duration of the assignment, contract amount, and firm's involvement.

(ii) Any comments or suggestions on the Terms of Reference and on the data, a list of services, and facilities to be provided by the Client (Section 3C).

(iii) A description of the methodology and work plan for performing the assignment (Section 3D).

(iv) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their timing (Section 3E).

(v) CVs recently signed by the proposed key professional staff and the authorized representative submitting the proposal (Section 3F). Key information should include number of years working for the firm/entity, and degree of responsibility held in various assignments.

(vi) Estimates of the total staff effort (professional and support staff; staff time) to be provided to carry out the Assignment, supported by bar chart diagrams showing the time proposed for each key professional staff team member. (Sections 3E and 3G).

(vii) A detailed description of the proposed methodology, staffing, and monitoring of training, if the Data Sheet specifies training as a major component of the assignment.

(viii) Any additional information requested in the Data Sheet.

4.5 The Technical Proposal shall not include any financial information.

Financial Proposal

4.6 In preparing the Financial Proposal, consultants are expected to take into account the requirements and conditions of the RFP documents. The Financial Proposal should follow Standard Forms (Section 4). It lists all costs associated with the Assignment, including (a) remuneration for staff , and (b) reimbursables such as subsistence (per diem, housing), transportation (national and local, for mobilization and demobilization), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance, printing of documents, surveys; and training, if it is a major component of the assignment. If appropriate, these costs should be broken down by activity.

4.7 Consultants shall express the price of their services in Indian Rupees.

4.8 The Data Sheet indicates how long the proposals must remain valid after the submission date. During this period, the consultant is expected to keep available the key professional staff proposed for the assignment. The Client will make its best effort to complete negotiations within this period. If the Client wishes to extend the validity period of the proposals, the consultants who do not agree have the right not to extend the validity of their proposals.

4.9 **Earnest Amount Declaration**: -

As per GO FD 675 Expense-12/2020, Bangalore, dt:22.12.2020 Agency has to submit the EMD declaration as below:

EMD Declaration I, hereby submit a declaration that the tender submitted by the undersigned on behalf of the tenderer .....(Name of the Tenderer), shall not be withdrawn or modified during the period of validity or extended period of validity. I, on behalf of the tenderer .....(Name of the Tenderer), also accept the fact that in case the tender is withdrawn or modified during the period of its validity/extended validity period or if we fail to sign the contract in case the contract is awarded to use or we fail to submit a Performance Security and Additional Performance Security, If any, before the deadline fixed in the Tender Document, then ..... (name of the tenderer) will be debarred for Participation in the tendering process for the Procurements of this Procurement Entity for a period of one year from the date of default.

(Signature of the Authorized Signatory,
official seal)

5. SUBMISSION, RECEIPT, AND OPENING OF PROPOSALS

5.1 The original Proposal (Technical Proposal and Financial Proposal; see para 1.2) shall be prepared in indelible ink. It shall contain no inter-lineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialed by the person or persons who sign(s) the Proposals.

5.2 The representative's authorization is confirmed by a written power of attorney accompanying the Proposal.

5.3 For each Proposal, you should prepare the number of copies indicated in the Data Sheet. Each Technical Proposal and Financial Proposal should be marked "**Original**" or "**Copy**" as appropriate. If there are any discrepancies between the original and the copies of the Proposal, the original governs.

5.4 2.4.1 Interested bidders shall login to https://kppp.karnataka.gov.in/ and follow the procedures and guideline given there or call the e-proc help desk to get themselves registered in the portal. Upon registration, the bidders can login and participate in the tender.

5.5 2.4.2 Downloading of tender documents, submission of proposal all will be through Government of Karnataka e-Procurement website https://kppp.karnataka.gov.in/ under login for Contractors. Consultants must get themselves registered, acquainted and trained on the procedure of participating in e-procurement.

5.6 EMD

The Consultants are requested to submit EMD as indicated in the e-Procurement portal along with the Technical Bid.

The Consultant can pay the Earnest Money Deposit (EMD) in the e-Procurement portal using any of the following payment modes:

Credit Card
Direct Debit
National Electronic Fund Transfer (NEFT)
Over the Counter (OTC)

6. PROPOSAL EVALUATION

General

6.1 From the time the proposals are opened to the time the contract is awarded, if any consultant wishes to contact the Client on any matter related to its proposal, it should do so in writing at the address indicated in the Data Sheet. Any effort by the firm to influence the Client in the Client's proposal evaluation, proposal comparison or contract award decisions may result in the rejection of the consultant's proposal.

6.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation, including its approval by competent authority is obtained

Evaluation of Technical Proposals

6.3 The evaluation committee appointed by the Client as a whole, and each of its members individually, evaluates the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria (typically not more than three per criteria) and point system specified in the Data Sheet. Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

Public Opening and Evaluation of Financial Proposals; Ranking

6.4 After the evaluation of quality is completed, the Client shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify the consultants that have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals. The opening date shall not be sooner than one week after the notification date. The notification may be sent by registered letter, cable, telex, facsimile, or electronic mail.

6.5 The Financial Proposals shall be opened publicly in the presence of the consultants' representatives who choose to attend. The name of the consultant, the quality scores, and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Client shall prepare minutes of the public opening.

6.6 The evaluation committee will determine whether the Financial Proposals are complete, (i.e., whether they have costed all items of the corresponding Technical Proposals, if not, the Client will cost them and add their cost to the initial price), correct any computational errors.

6.7 The Client will select the lowest proposal ('evaluated' price). The selected Consultant will be invited for negotiations.

7. NEGOTIATIONS

7.1 Negotiations will be held at the address indicated in the Data Sheet. The aim is to reach agreement on all points and sign a contract.

7.2 Negotiations will include a discussion of the Technical Proposal, the proposed methodology (work plan), staffing and any suggestions made by the firm to improve the Terms of Reference. The Client and Consultant will then work out final Terms of Reference, staffing, and bar charts indicating activities, staff, periods in the field and in the home office, staff-months, logistics, and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the "Description of Services" and form part of the contract. Special attention will be paid to getting the most the Consultant can offer within the available budget and to clearly defining the inputs required from the Client to ensure satisfactory implementation of the Assignment.

7.3 Unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff (no breakdown of fees) nor other proposed unit rates.

7.4 Having selected the Consultant on the basis of, among other things, an evaluation of proposed key professional staff, the Client expects to negotiate a contract on the basis of the experts named in the Proposal. Before contract negotiations, the Client will require assurances that the experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff was offered in the proposal without confirming their availability, the Consultant may be disqualified.

7.5 The negotiations will conclude with a review of the draft form of the contract. To complete negotiations the Client and the Consultant will initial the agreed contract. If negotiations fail, the Client will invite the firm who has quoted the second lowest price for negotiations. The process will be repeated till an agreed contract is concluded.

8. AWARD OF CONTRACT

8.1 The contract will be awarded following negotiations. After negotiations are completed, the Client will promptly notify other consultants on the shortlist that they were unsuccessful and return the Financial Proposals of those consultants who did not pass the technical evaluation (para 5.3)

8.2 The Consultant is expected to commence the Assignment on the date and at the location specified in the Data Sheet.

8.3 A successful consultants will have to execute agreement with Executive Engineer, Road Infrastructure - Mahadevapura, BBMP within 07 days upon receipt of intimation along with Performance security of 5% As per GO of the contract price of consultancy services in form of Bank guarantee obtained from nationalized bank/scheduled bank payable at Bangalore. The work shall be commenced with all earnestness within 07 days from the date of issue of work order, failing which it would be presumed that he is not interested in the work and action will be taken to get the work executed through alternate agency.

9. CONFIDENTIALITY

9.1 Information relating to evaluation of proposals and recommendations concerning awards shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning Consultant has been notified that it has been awarded the contract.

TERMS OF REFERENCE (TOR)

1. BACKGROUND :

Bruhath Bangalore Mahanagara Palike (BBMP), "the client" is desirous of obtaining **Consultancy services for Preparation of Detailed Project Report for the work of "Construction of ROB at km 195/700-800 for 150 feet CDP road near Panathur in Mahadevapura constituency".**

Sl No	Description	Details
1	**Consultancy services for Preparation of Detailed Project Report for the work of "Construction of ROB cum extended Viaduct at km 195/700-800 for 150 feet CDP road near Panathur in Mahadevapura constituency".**	**ROB Length= 54.00 mtrs Bow String Girder (as per SWR Requirement)** **Viaduct Length = 310 mtrs (approx.)** **Approach Ramp= 600 mtrs (approx.)** **VUP= 30 mtrs (approx.)** **At Grade Length = 800 mtrs (approx.)**

2. The objectives and description of the services are:

3. DETAILED SCOPE OF SERVICES

3.1 **Brief Scope of Work**

a) Conducting Joint site inspection along with Departmental Engineers for understanding the name of road, starting, ending location of the project road and Requirements of the project
b) Conducting Detailed Topographical survey, implementing Drone Technology and preparation and submission of final Auto CADD format Drawing showing Existing Right of Way (EROW) and Proposed Right of Way (PROW)
c) Carrying out Geotechnical Investigation,
d) Conducting Traffic Survey
e) Preparation of GAD for ROB, VUP etc.,
f) Detailed Structural design as per IRC Standards,
g) Preparation of Road alignment and design
h) Preparation of Estimate as per schedule of rates
i) Preparation of Tender document for inviting tender for construction of ROB and related works
j) Preparation of Detailed Land Acquisition Plan and Schedule as per approved format of BBMP
k) Conducting Joint Measurement Survey (JMS) with BBMP Revenue officials.
l) Submission of Final Land Acquisition Plan and Schedule after updating the corrections which are noted and identified during Joint Measurement Survey. RMP Superimposed map. Google earth superimposed map along with rmp base map.
m) Submission of Land Register as per approved format of BBMP
n) Coordination with other departments for the approval of forest clearance
o) Coordination with other departments like Railways, K-RIDE.

SCOPE OF SERVICES

The Scope of Services are detailed further as below:

General

The Consultant shall perform all necessary planning, field investigations and related works as described herein with due care and diligence to attain the objectives of the study.

The BBMP will provide the Consultant with available reports, data and services appropriate to achieving the objectives of the study. The Consultant shall be responsible, however, for the analysis and interpretation of all data received, undertake other studies to validate the data and give conclusions and recommendations derived from these data.

Survey and investigations of the Project Road

Within the scope of the technical and economic feasibility study, the Consultant shall conduct necessary inventory surveys, condition surveys, topographical surveys, hydrological/ hydraulic studies, soil investigations, required to prepare the detailed designs.

The Consultant shall prepare the detailed designs incorporating all the observations/suggestions/recommendations made by the client. A report shall be submitted that includes all drawings, BOQ, specifications, cost estimates

Reconnaissance Survey

The Consultant shall carry out a reconnaissance survey, ideally before he submits his proposal, but at least in advance of submission of his Inception Report.

The reconnaissance survey shall cover the area through which approaches and ROB alignment would be fixed and shall form the basis for identification of the extent of the field surveys. The following are to be done before detailed survey:

a) Reconnaissance Survey
b) Mark the bridge location on map with connecting roads

Based on the above, the Consultant shall plan his field surveys, and subject to the approval of BBMP, initiate these. Provisions should be made in agreements with field survey sub-consultants, if such are to be utilised, to incorporate minor adjustments as found required during the execution of the Services, i.e. when detailed surveys are carried out. Such additional work shall only be initiated in agreement with BBMP.

Topographic surveys

The survey shall be carried out using Total Station and shall produce three-dimensional data. The data required is for an area of minimum to fulfil the criterion as specified in IRC SP13 and IRC5, minimum of 100 m radius on all four sides of the ROB and on either side of the road length of approaches.(i.e., The survey details shall comprise of longitudinal section of river/halla/nala, one cross section on U/S with HFL at the location , and another cross section on D/S at the location , a cross section of water course beyond HFL, a plan showing road and bridge crossing with angle, and Longitudinal section of road covering minimum of 250m additional length on either side of the bridge)

The survey shall be based on a closed traverse, which, if possible, shall be tied up to permanent control points. Benchmarks ((GTS benchmark (Great Trigonometrical Survey)), shall if at all possible, be tied up to permanent points.

The following accuracy shall be applicable to the topography survey:

Survey of Concrete Control Pillars:

(i) Traverse (co-ordinate close): Fractional misclosure of 1/10,000 or better

(ii) Levelling: Limit of accuracy to be 10 mm*$(K)^{1/2}$-(where K is the circuit distance levelled in kilometres)

Other Surveys:

(i) Traverse (co-ordinate close): Fractional misclosure of 1/5,000 or better-

(ii) Levelling: Limit of accuracy to be 20 mm*$(K)^{1/2}$-(where K is the circuit distance levelled in kilometres).

Point intervals shall be not more than 30 m on level or nearly level reaches and 5m on other ground. Additional points shall be levelled to describe sudden changes in elevation.

Following land features shall be captured and presented in drawings. All the notations / symbols (Legends) shall be as agreed with the Client in advance of the execution.

- Trees (position, species and girth measured 1.2 m from ground level) (F): Tree Species.
- Rocky out crops, ponding locations in river bed
- Showing confluence of two water courses if any.
- Hydraulic structures on water course with salient features
- Building fronts or outlines where they encroach within the corridor 25 m on either end (to be classified by construction type). (F)
- Electric transformers, mast, tower, etc.
- All telephone lines, OFC lines, Private OFC lines, Water Pipes above and below the ground belonging to Towns, Villages, Zilla Panchayats and other bodies, Electricity lines. For this purpose, it is the responsibility of consultant to get details from concerned authorities.

The width of the survey corridor shall be increased to collect data such as existing road junctions and stream beds, where the adjoining road/ stream bed shall be surveyed for a distance as specified in IRC5 and IRC SP 13 for full width of water course beyond HFL depending on extent of catchment area of 100 m to a width of 50 m from centreline on either side. Building outlines shall be surveyed where they encroach into the ROW as defined in the data sheet.

The items to be picked up during the survey will include, and not be limited to, the following:

Levels along the alignment of Bridge, Approach road and along the water course shall be **taken at every 10m intervals** and at all intermediate breaks along the centre line of the alignment. Spot levels shall be recorded at all critical points.

River/Channel cross-sections shall be taken at every 5 m interval up to a distance as specified in IRC5 and IRC SP 13 for full width of water course beyond HFL depending on extent of catchment area of 20m on u/s and d/s from the centreline of bridge.
Cross sections shall be taken at intervals of 20 m, reduced to 10m on sudden change in Terrain. Cross sections shall also be taken at the centre line of all streams, Cross sections shall be taken at intervals of 20 m, reduced to 10 m on curves / Rolling Terrain / Ghat Section for approach road.

Hydrology and Drainage Investigations

Suitable analysis shall be conducted over the entire corridor to assess the frequency and nature of jams, roadway clearance time, road safety on the corridor.

Borehole Investigations and Soils Investigations

Subsoil borehole investigations shall be made as per relevant & latest Indian Standards or IRC codes for proposed ROB

Sub-surface exploration for foundation works should be conformity with the clause no.2411.2 of MORT&H (Fifth Revision).

The total number of boreholes for geotechnical investigations and sub surface explorations for each of the bridge shall be as follows:

Minimum of four representative boreholes shall be carried along the proposed ROB alignment. All relevant laboratory and field tests on soil and rock samples shall be conducted. Core extracted in rocky strata shall be serially numbered and preserved in boxes and handed over to the client at the respective BBMP project offices. The responsibility of assessing and computing load carrying capacity of the piles with backup calculations shall form part and parcel of the report to be submitted.

Note: However if rocky outcrop up to a depth of 3.00m is observed along the proposed bridge alignment, borehole investigations can be dispensed with.

Soil investigations for embankment and pavement design:

Test pits shall be dug along the alignment for approaches. The minimum distance within such sections shall be 50 mts, but closer intervals shall be used where swelling soils and other unsuitable soils appear to be present. Test pits shall be 1.5m x 1.5m and shall be dug to 1.5m depth. The soil strata shall be recorded, and samples taken at 1.0m depth shall be tested as follows:

- Atterberg Limits and grain size
- In situ density and moisture content
- Laboratory CBR (4 day soaked at three energy levels)
- Swelling index

Detailed Project Report*:*

Based on the surveys and investigations carried as described above, the consultants shall prepare designs and drawings which are economical and technically feasible. The tasks shall be as below:

1. The various methods or options shall be discussed with BBMP technical committee and the one approved shall be designed in detail and adopted
2. The consultant shall prepare good for construction drawings for the recommended.
3. The approach roads, embankment, protection and other related works shall be designed and necessary drawings to be issued
4. Provide all the technical specifications for adopted method
5. Prepare BOQ, Estimation with applicable SoR
6. The detailed design / Detailed Project Report shall be in accordance of relevant and latest standards of IRC/MORTH

3.2 Actions requiring specific approval of BBMP

The Consultant will be required to obtain the specific approval of BBMP before taking any of the following actions:

a) certifying additional cost,
b) determining an extension of time,
c) issuing a variation order,
d) Recommendation for variation in work quantities, fixing rates or prices.

3.3 Liaison Meetings

Liaison meetings shall be held between the BBMP and the Contractor at weekly intervals. The meetings would be attended by members of the supervision staff as necessary and would have the objective of expanding on the contents of the progress reports, discussing any problems and financial matters.

4.0 Reports, Time Schedule and Payment Schedule

4.1.1 *Contract Schedule*

The Period of consultancy services is **Three (3)** calendar months.

4.1.2 *Schedule of Reports*

The Consultant shall prepare and submit four (2) copies to BBMP of each of the following reports and documents in English:

a) Inception Report	-	with in **15 days** after mobilization
b) Weekly -Progress Reports	-	By the end of each week except the week following the Inception Report
c) submission of GAD	-	By end of 1 months
d) submission Draft DPR	-	By end of 2 **months**
e) submission Final DPR	-	By end of 3 **months** from the date of work order

4.1.3 Contents of Reports

Deleted

.

4.1.4 Payment Schedule

(i) 10 % of contract price: On Submission of Inception Report
(ii) 65% of contract price: On Submission of Draft DPR
(iii) 25% of contract price: On submission of Final DPR

5.0 Deleted certificate

6.0 Key Professionals for the project required are as follows.

Sl. No	Designation	Qualification	Experience	Required Personnel
1	Team Leader	BE civil/Postgraduate in Civil Engineering	20 Year	1
2	Sr. Structural Engineer	BE civil/Postgraduate in Civil Engineering (Structure)	15 Years	1
3	Sr. Highway Engineer	BE civil/Postgraduate in Civil Engineering (Highways)	12 years	1
4	Sr. Material Engineer	BE civil/Postgraduate in Civil Engineering	10 years	1
5	Quantity Surveyor	BE civil	10 years	1
6	Sr. Traffic Engineer cum road safety expert	BE civil/Postgraduate in traffic/transportation engineering	5 Years	1

Note : Bidders must submit relevant CV / Certificates for the above mentioned Key Professionals

Appendix F: Format of Bank Guarantee for Performance Security

(Clause 9 of Information to Consultant)

(To be stamped in accordance with Applicable Stamp Act, if any)

Ref: Bank Guarantee: _____ Date: _____

To

WHEREAS _____ [Name and address of Consultant] (hereinafter called "the Consultant") has undertaken, in pursuance of Contract No._____ dated _____ to provides the services on terms andconditions set forth in this Contract _____ (hereinafter called the "the Contract").

AND WHEREAS it has been stipulated by you in the said Contract that the Consultants shall furnish you with a Bank Guarantee by a recognized bank for the sum specified therein as security for compliance with his obligations in accordance with the Contract;

AND WHEREAS we have agreed to give the Consultants such a Bank Guarantee.

NOW THEREOF we hereby affirm that we are the Guarantor and responsible to you, on behalf of the Consultants up to a total of _____ [Amount of Guarantee]_____ [in Words], such sum being payable in the types and proportions of currencies in which the Contract Price is payable, and we undertake to pay you, upon your first written demand and without cavil or argument, any sum or sums within the limits of _____ [Amount of Guarantee] as aforesaid without your needing to prove or to show grounds or reasons for your demand for the sum specified therein.
